

We keep you coolest where
it's hottest.

Featuring Bergstrom's NITE® Phoenix.
The premier battery operated AC system
designed for your sleeper.

Introducing the no-idle system that's the perfect fit.

Whether it's hot or cold, you'll rest easy knowing you will sleep comfortably with a NITE[®] no-idle system. They are the best-selling battery-owered no-idle system on the market.

Operating in scorching hot areas? Then you'll love the NITE[®] Phoenix Space Saving Innovation (SSI). It has the highest cooling power of any battery powered, no-idle system out there.
