

eCoolPark™

The world's only compact high-efficiency,
electric no-idle a/c system

eCoolPark™ compressor system;
shown actual size.

eCoolPark[™]

The world's only compact high-efficiency, electric no-idle a/c system

Features

- Simple installation.
- Low system weight (less than 10 lbs).
- Utilizes existing vehicle batteries.
 - Additional batteries can be added for increased A/C run time.
 - Bergstrom Solar Energy System can be added for increased A/C run time.
- Integrates into existing vehicle HVAC system.
 - Compact size allows for multiple installation locations.
- Efficient operation with 12v, 24v or 48v systems.

Benefits

- Reduced fuel consumption.
- Lowers engine maintenance costs.
- Improved occupant safety.
- Provide operator comfort.
- Complies with all federal, state and local idle and noise restrictions.
- Supports environmental sustainability efforts through reduction of vehicle emissions.
- Designed, engineered and manufactured in the U.S.
