

eCoolPark™ 1.5

NO-IDLE AC SYSTEM

SPECIFICATIONS

- 1.5 Base Kit including install kit and solar panel
- Dimensions: 13.4" H x 20.7" W x 12.2" L (340mm H x 521mm W x 311mm L)
- Weight: 54 lbs. (24,5 kg)
- Cooling Capacity: 7600 BTU/hr (2,2 kW)
- Power Consumption: 12 Volt, 790 watts (65,8 amps) (Capacity & Power at 110F (43C) ambient-Peak)

PART NUMBER: 1002335536

GENERAL INFO

- Sleeper trucks or work trucks
- Integrated compressor, condenser and hose kit
- Mounts outside of vehicle (back wall, frame rail mount, truck bed)

WARRANTY

- Includes 1 year standard Bergstrom warranty
- Optional 2nd year warranty available

APPLICATIONS

- Isuzu: NLR, NPR; Freightliner M2; Dodge work trucks
- Contact a Bergstrom sales representative for all the latest vehicle applications.
- If you do not see your vehicle application, there is a universal kit that may be purchased.

FEATURES

- Integrated into vehicle's existing HVAC system
- Electrified engine-off AC that runs off 1 to 6 batteries depending on run time requirements (up to 8 hours of run time)
- Integrated switch in vehicle's dash
- Application engineering, installation and training all available at an additional cost

INSTALLATION LOCATIONS

- Outside of vehicle on any vertical or horizontal surfaces

BENEFITS

Reduced wear: Your engine deserves a break.

- Reduce engine wear and tear
- Reduce fuel consumption
- Reduce frequency of scheduled engine maintenance
- Reduce frequency of emissions system maintenance

Green: Easy on the environment

- Decrease engine run time resulting in significant fuel savings
- Reduce greenhouse gas emissions with no-idle operation

HVAC system specs

- Simple, flexible installation
- Low system weight
- Available with optional fuel fired heater
- Efficient operation with 12V/24V systems
